Education

•Indian Institute of Information Technology Bhagalpur *2023 – 2027*
B.Tech in Computer Science and Engineering Bhagalpur, Bihar
– CGPA: 7.52/10
– Relevant Coursework: Data Structures and Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks, System Design

•Avadh Collegiate *2022*
Senior Secondary (Class XII) and Secondary (Class X) Lucknow, India
– Class XII: 86% | Class X: 92%

Technical Skills

Languages: Java, Kotlin, C++, Python, SQL
Frontend Development: ReactJS, Jetpack Compose, HTML, CSS
Backend Development: REST APIs, Microservices, JWT Authentication, System Design
Machine Learning & AI: Deep Learning, Generative AI, LLMs, OpenAI API, FAISS, Vector Search, Embeddings
Databases & Caching: MySQL, PostgreSQL, MongoDB, Firebase Firestore, Redis, RoomDB, SQLite, JPA/Hibernate
DevOps & Cloud: Docker, Git, GitHub Actions, CI/CD
Tools & Practices: Postman, Gradle, Android Studio, JUnit, Figma,Canva, Data Structures and Algorithms

Projects

•TriSpark – AI-Powered Fashion Intelligence Platform *2025*
FastAPI, Python, React, OpenAI API, FAISS, OpenCV, MediaPipe, OpenWeather API
– Developed **4 AI-enabled fashion modules** within a **3-member team**, leveraging OpenAI embeddings and FAISS vector search to retrieve semantically similar outfit recommendations from a catalog of **1,000+ products**.
– Engineered **Sync Studio** and **Pick By Place**, integrating **3 external APIs** (OpenAI, OpenWeather, ImgBB) to deliver personalized outfit recommendations based on clothing type, location, weather, and occasion.
– Built **Virtual Vanity** using OpenCV and MediaPipe pose estimation, enabling **real-time virtual try-on** across multiple apparel categories through computer-vision-based body landmark detection.
– Delivered **Style Arena Battle** and **Senora**, adding **2 AI-driven engagement features** for gamified fashion discovery and inclusive recommendations; contributed to a **Top 100 finish among 50,000+** teams in the Myntra WeForShe 2025 Hackathon.

•DevMate AI – AI-Driven Interview Preparation Platform *2026*
Kotlin, Jetpack Compose, MVVM, Room, Firebase, Retrofit, OpenRouter AI, CameraX, ML Kit
– Architected an **AI-integrated mock interview platform** supporting technical, HR, mixed, and company-specific interviews with AI-generated follow-up questions, configurable difficulty, and conversation-aware questioning.
– Spearheaded implementation of **AI-based interview evaluation**, tracking **interview history and progress trends** using Room and Firebase, reducing manual review time by 40
– Integrated real-time interview monitoring using **CameraX and ML Kit** for face-presence and attention detection, along with voice-based answer input and automated interview completion.

Achievements & Certifications

•Flipkart Grid 8.0
Semifinalist among 1,65,000+ registrations nationwide 2026
– Earned **semifinalist** status in Flipkart Grid 8.0, outperforming **165,000+** national registrants by demonstrating superior technical acumen and effective problem resolution strategies.

•Amazon ML Summer School
Selected among India's most competitive ML program (~2–4% acceptance rate) 2026
– Selected for intensive ML training by Amazon scientists, advancing from **134,000+** applicants to the top **3,000** in a highly competitive program, indicating strong analytical aptitude.

•Myntra WeForShe Hackathon
Ranked among Top 100 out of 50,000+ teams nationwide 2025
– Achieved a **Top 100 ranking** among over **50,000** nationwide teams in Myntra's WeForShe Hackathon; presented AI-driven outfit intelligence features to industry judges.

•Competitive Programming
LeetCode (1784) | CodeChef 2-Star | 1100+ DSA Problems Solved 2023 – Present
– **LeetCode** rating **1784**; **CodeChef** 2-Star, max rating **1567**; **Codeforces** Pupil, max rating **1327**; solved **1100+** problems spanning arrays, dynamic programming, graphs, trees, and system design patterns (Codolio).

•Certifications
Backend, Systems, and Software Engineering Credentials 2024 – 2025
– Forage: JPMorgan Chase SE Virtual Experience | ServiceNow: Certified System Administrator (CSA) | ServiceNow: Certified Application Developer (CAD)

Positions of Responsibility

•Academic & Coding Mentor, IIIT Bhagalpur *2023 – Present*
– Mentored **25+ juniors** in DSA and Android development; conducted doubt-resolution sessions and guided project architecture for placement preparation.

•Core Member, Android Development Club, IIIT Bhagalpur *2023 – Present*
– Guided technical mentorship for **50+ students** in Android development (Kotlin, MVVM, Retrofit, Firebase) through hands-on workshops, code reviews, and architectural best practices.
